Maniac Driven From Hiding Place
Is Shot Down by Officers
and Bystanders.

Wilmington, Del., March 24.—Believed to have become suddenly insane, a passenger who boarded the Baltimore and Ohio north-bound Royal Limited at Baltimore last evening, with a word of warning, killed the negro Pullman porter and the train conductor with an automatic revolver as the train approached this city.

Barreling himself in the car he held the train at a standstill for two hours until he had been shot down by policemen and a mob, after he had been driven from his refuge by a powerful stream of water turned on him by firemen called out to enforce the police, unable to capture him because of the steady stream of bullets poured out of his own weapon, some of which found marks in persons in the crowd attracted to the scene.

The maniac died soon after his removal to the Delaware hospital. From papers found in his clothing he was identified as J. H. Bethea, of Dillon, S. C.

THE DEAD.
J. H. Bethea, of Dillon, S. C., the multi-murderer.
O. E. Wellman, aged 40 years, of Philadelphia, conductor of the train.
Samuel Williams, aged 56 years, negro, of Jersey City, Pullman porter.
An unidentified laborer.

THE SERIOUSLY INJURED.
John O. Wiley, aged 40 years, of Wilmington, a park guard, shot in chest, leg and hand; may die.
Matthew Hale, of Wilmington, citizen, shot in groin and leg; may die.

Two unidentified negroes, both shot in the head; may die.
In all a score or more were wounded by the madman's bullets.

Betha boarded the train at Baltimore with a ticket for New York and took a seat in the Pullman car Czarina, in which there were 14 other passengers.

He did not attract any attention until the train left Singingly, this state. Then he and the porter, Williams, had an argument over something not known to the others in the car.

Betha was seen to draw a revolver from a pocket and shoot the porter through the chest.

The negro fell back into a seat near a window and remained there without moving.

Then the body remained in plain view during the fusillade of bullets in this city.

Conductor Wellman heard the shot and started back to remonstrate with Bethea.

As Wellman met him Bethea fired a second shot into the negro's body.

Then, without a word, he turned and shot the conductor.

As Bethea fired, Wellman threw up his right arm to protect himself. The bullet struck his arm and, continuing, plowed through his body and lodged in his heart.

Before the passengers could interfere the murderer barricaded himself in the toilet room of the Pullman car and threatened to kill the first person who approached.

Meanwhile, the train reached Wilmington. When it came into the station a hurry call was sent to the police.

The police called upon Bethea to surrender.

As an answer he opened the door of the toilet room a short distance and opened fire at the police and crowd from his revolver.

Terrifying Rumbblings and Earth Tremors Accompany Lava Streams.

Naples, March 24.—The lava from Mount Etna, which is again in eruption, increased at an alarming rate today and is now threatening the towns of Borello, Belpasso and San Leo. Fresh craters have been opened, though the main eruption is still from the crater at Voita St. Giacomo between Castello and Abbinelli.

The inhabitants of the threatened towns are frantically fleeing to places of safety and striving to save as much of their property as possible. The prefect of Catania arrived on the scene today and took charge of the situation. Immense damage has already been done to surrounding farms.

The authorities are experiencing the greatest difficulty in preventing tourists from approaching the mountain. They have warned visitors that there is the greatest danger of lava streams cutting off their return should they get too near the mountain. The village of Roccapietra is also in danger of being engulfed in the spreading lava streams.

The eruption is accompanied by terrifying rumbblings and frequent earth tremors. There is now estimated to be at least a dozen huge cracks in the mountain from which hot streams of lava are pouring in great volume. The eruption is hourly becoming more violent. Stones and ashes are being thrown from the main crater to a great height and are falling on an area many miles in width. The air is filled with floating dust and a heavy and destructive coating of ashes has covered all vegetation.

PRIMARY ELECTION FOR CONGRESSMEN BILL MAY PASS

Columbus, O., March 24.—Representative Hawkins of Jackson secured an agreement yesterday that the senate committee of elections will report his congressional primary bill next Tuesday and have it made a special order for consideration in the senate next week.

He is confident of its passage and that Ohio congressional candidates will be nominated by primary vote this year.

A DOUBLE AFFLICTION.

Kent, March 24.—Affliction fell heavily on the home of James Deleone, a wholesale grocer, yesterday. His six little children have been ill with measles. Michael, aged three months, and Tony, aged two years, developing pneumonia. Michael died at 1 o'clock and Tony at 3.

DR. MARY WALKER, WHO WANTS WOMEN TO HAVE RIGHT TO WEAR TROUSERS

Albany, March 24.—Following the attempt of the woman suffragists and their supporters to get from the legislature the right to vote, some of them are now trying to take from the men their hitherto unassailable privilege of wearing trousers. The prime mover in the matter is Dr. Mary Walker, who for years has worn male attire. She is the author

of a bill introduced by Representative Sweet. It provides that a woman shall not be sufficiently disguised by reason of the style of her dress or clothing to warrant arrest and that any peace officer who shall arrest a woman not guilty of any crime by reason of the style of her clothing shall be guilty of a misdemeanor and shall be fined or imprisoned. (Dr. Walker served in the Civil War as a surgeon and has the right to wear the Grand Army badge as shown in the picture.)

MAY HAVE BEEN BURIED ALIVE

Youngstown, March 21.—Coroner Kline today refused to conduct an investigation of the persistent complaints of Rev. Dennis Woodson, a colored pastor, that disinterment of the remains of Mrs. E. J. Jefferson, sanctioned by the board of health, revealed that the woman had been buried alive.

She died Monday and was placed in the grave face upward. The casket was re-opened yesterday and the body lay face downward.

M'NAMEE STILL AT LIBERTY

Lexington, Ky., March 24.—Police today failed to find any trace of Robert McNamee who yesterday shot and killed Thomas McNamara, a prominent politician and saloon-keeper. McNamee was clad only in his night clothes when he escaped.

ANOTHER WALKER FOLLOWING WESTON

Los Angeles, Cal., March 24.—Paul Lange of Atlantic City, N. J., started a transcontinental walk back to his home yesterday. He walked from New York to San Francisco in 106 days last fall but on the way East has made a schedule which calls for the completion of the journey in 55 days. He will have to cover more than 40 miles a day to do it. He will follow the trail of Weston for the greater portion of the journey.

THE "BLACK" BILL TO REMOVE MAYORS BEING OPPOSED

Columbus, O., March 24.—The probabilities are that if the "Black" bill for the removal of mayors of cities had been given proper consideration in the house before being rushed through by a fanatical spam it would have failed to pass that body. The measure is being given a much more rational treatment in the judiciary committee of the senate, and there is no probability that it will be favorably reported to the senate in the mischievous form that it passed the house.

Visiting committees from Cleveland, Toledo, Akron and other cities have been before the senate committee making arguments against the measure.

City Solicitor Newton D. Baker and Attorney William Gordon of Cleveland told members of the senate committee that the Black bill to remove mayors would not only thwart the will of the people, but also would create continuous political turmoil. They argued that under the bill, judges could not exercise a discretion about removing a mayor, but would be compelled to do so when proper complaints were filed.

Lack of provisions permitting trials by juries and public hearings was said to make the bill a harsh one.

A party from Toledo also saw members of the committee. The Toledoans feel sure that the bill is aimed directly at them and is so drawn as to make

trouble for Mayor Brand Whitlock. The visitors received such assurances as led them to believe that the bill will not pass in its present form. They expect to see a referendum clause tacked on to it.

SAN FRANCISCO

Has Begun Collection of Fund of \$5,000,000 for Panama-Pacific Exposition in 1915.

San Francisco, March 24.—San Francisco people began the collection of a fund of \$5,000,000 today for the Panama-Pacific world's fair, to be held in 1915, to celebrate the opening of the great Panama canal.

The world's fair conference, composed of representatives from commercial bodies from all the California cities, met yesterday at Santa Barbara and unanimously decided upon San Francisco as the site of the exposition.

All California has accepted the decision of the conference and will unite in opposing the claim of New Orleans for federal aid for an exposition to celebrate the canal opening.

TROUBLE HAS BEEN SETTLED

Chicago, March 23.—All danger of a strike of the firemen and engineers on 40 western roads is past, an agreement providing for settlement of all the points in dispute was signed by the firemen and railroad managers today after a series of conferences lasting eight hours. The man who is responsible for the compromise, Labor Commissioner Charles P. Neill, left Chicago today for Washington utterly worn out. The peace terms were not made public.

SHATTERED ALL PREVIOUS RECORDS

Daytona, Fla., March 24.—Barney Oldfield, "wizard of the track," Wednesday proved his right to the title of the world's speed king by smashing three world's records, including two which experts long since figured would stand for many years yet. On the hard surface of the Daytona beach, driving his 200 horsepower Benz, with which a week ago he broke the world's mile record at a rate of speed equalling 131.73 miles per hour, Oldfield covered two miles in 55.55, about three seconds better than the previous world's record made by Demogree of Paris on the Daytona track in 1908. Thirty minutes later Oldfield drove against the world's kilometer record of 17:76 seconds, made by H-mery on the Brooklands, England, track. Oldfield shot past the starting line like a meteor and finished the distance in 17:04. The third record established by Oldfield was the one-mile stock chassis mark of 46:35, in a Knox. The previous record was set by Lewis Strang in a Fiat, 46:30.

Although David Bruce Brown, Walter Christie, George Robertson, Kirscher and a number of other well known drivers with fast cars, participated in the races, Oldfield swept all before him with a hurricane speed and daring that proves that the "old timer" is better than ever.

Oldfield will go for the mile record today and promises a mile at the rate of 40 miles an hour.

CHASE

Expected to Terminate Today and Former Banker and Horse Thief May be Captured.

Loudonville, O., March 24.—The chase of Robert Green, former banker and horse thief, who broke jail at Elyria Monday is expected to terminate today near Jintown near the boundary of Holmes and Knox counties. Green was seen in that neighborhood this morning on two pieces in automobiles set out to close Green between them this morning on the Jintown road. Both parties were armed with Winchester rifles and revolvers, determined to shoot Green on sight. Green has the turnkey's automatic revolver.

POSSE

Of 300 Held at Bay by Roberts With Two Shotguns After Wounding Several Persons.

Indianapolis, March 24.—Perry Roberts, 23, living at Castleton, near Leary, this morning fully wounded a man seriously and three held a posse at bay with two shotguns until he escaped and was committed suicide at the very age of the village.

Roberts had been drinking heavily. He borrowed a shotgun with which he did the shooting on the plea that he wanted to commit suicide.

COUNTESS AND WOMAN FINANCIER WHO WANT COLUMBUS REMEMBERED

Mrs. Hetty Green

New York, March 24.—This city, turned to this city about Easter. The assertion that Mrs. Hetty Green would give land worth \$500,000 as a site for the proposed university caused considerable surprise, although it is known that Mrs. Green and the Countess Leary are close friends. The latter received her title eight years ago from Pope Leo in recognition of her munificence along educational and charitable lines and for her pious, expressed in unrelenting work for the Roman Catholic church.

The Countess Leary, the founder of the present small Christopher Columbus university and principal supporter of the proposed school, would reveal the details of the plan when she returns to this city.

STAMP ACT BILL POSTPONED AND APPROVAL IS GIVEN ONE PER CENT TAX MEASURE

Columbus, O., March 24.—The Tiddick bill, requiring the stamp of the assessor of personal property on all negotiable instruments in order to make them valid for collection, was last night indefinitely postponed by the committee on taxation of the house of representatives.

The same body, by a vote of 5 to 4, with four absentees, refused to report the Shankland bill abolishing the state levy for schools and universities and substituting local support.

The negative vote came largely from counties which receive more from the state funds than they contribute.

Another effort will be made to report the bill, as it is a part of the new scheme of state taxation.

After a long discussion in the house of representatives the bill fixing the tax rate at 1 per cent was passed by its affirmative votes. No one opposed it on the ballot.

With this action the entire general assembly has now gone on record as favoring this reform in taxation, for the senate passed a companion bill by a vote of 25 to 7.

There seems to be essential difference between the measures, but it is firmly believed there will be no difficulty in an agreement through a conference bill which will receive the support of both branches to an overwhelming degree. That this committee will be named before the end of the week is also assured.

The bill acted upon yesterday bears the name of Representative Wm. T. Smith, of Marion county. That of Tuesday is the putative child of Senator Walter A. Dorf, of Licking county. The senate representatives of the

larger cities fought the change because of the fear that not enough revenue would be produced under it. Yesterday rural delegates, like Representative J. R. Fremer, of Vinton, and Representative W. L. Benscher, of Noble county, expressed a timidity as to the outcome of such a radical shift.

They were afraid that in the end it would work to the detriment of those whose wealth was represented by real estate. They were not sure that personal property now in hiding would be brought to light.

The Brenner resolution for a commission having failed, the opponents of the employers' liability bill will try a new line when the bill is reached on the calendar today or early next week. A substitute by attorneys on the employers' side will be offered for the Norris bill and will carry necessary reforms, omitting the drastic provisions of the genuine bill.

Representative Ervin and Crawford of Athens left last night for Washington on some secret mission and friends of the Woods public utilities bill are worried. Crawford and Ervin are determined to prevent the passage of the Woods bill. It is reported that they have gone to see President Taft in the hope that he can use his influence to have the Ervin bill adopted instead of the Woods bill.

The taking of Brelsford's testimony was resumed at the Slater trial today; it was practically a repetition of his former story.

LANGFORD MAY TRAIN JEFFRIES

San Antonio, Tex., March 24.—All arrangements for the training quarters for Jeffries at the Bowdoinnann were completed yesterday and contracts signed. Work was pushed in placing the quarters in readiness as Jeffries and a corps of trainers will reach San Antonio April 1. A contract has been let for the construction of a landing court. Provisions for housing will be made on the construction of a large dam in San Antonio river, forming a small lake. It is reported that Langford may be added to Jeffries' set of sparring partners.

FEAR FOR SAFETY OF ROOSEVELT

Government Guards Him With Throngs of Policemen

COLONEL IS NOT AFRAID

And Requests That Police Guard be Withdrawn—Greetings at Cairo, Egypt.

Cairo, Egypt, March 24.—By staff correspondent of United Press.—That the British government actually fears for the safety of Colonel Roosevelt, owing to this city being the hot-bed of the Egyptian Nationalist movement, was demonstrated today by the throngs of policemen that guarded the ex-president from the moment his train arrived at 8 o'clock until the Khedive's royal carriage had deposited him at the door of Sheppard's hotel.

Roosevelt's speeches at Khartoum and Assuan in which he pleaded for native co-operation with the British authorities has aroused the resentment of the Nationalists. The Colonel himself, laughs at the idea of danger and requested that no special police guard be furnished.

The greeting that Cairo gave to the ex-president was more like the welcome extended to him in his journeyings in America in the heyday of his political achievements than any he has encountered since he sailed for Africa. Thousands thronged the station and nearby streets to see and cheer the Colonel, whose appearance on the car step was the signal for a wonderful demonstration.

Nearly all the foreign residents of consequence assisted in the welcome to the Colonel and his family at the station. Most of the men wore silk hats and frock coats, the crowd being the noblest that the Colonel has seen since he left home. American Ambassador Strauss and wife arrived from Constantinople to pay their respects and were among the first to greet the party.

Major Stack presented the regrets of the Sirdar, General Wingate, at the latter's inability to be present.

Mrs. Roosevelt was presented with a huge bouquet of violets as she alighted from the train, and Miss Ethel with a smaller bouquet.

Many official carriages were waiting that the procession that drove to Sheppard's hotel resembled a cavalcade. Another big crowd gathered at the hotel from the staff of which the American flag floated.

They cheered the Colonel as he made his way up the steps and the latter responded by waving his hat in his characteristic informal way.

Mr. Roosevelt and his family will remain here about a week and from the program arranged, it will be the busiest week the Colonel has yet had, including a dozen visits and receptions aside from the sight-seeing trips. The Colonel will call on both the Khedive and the latter's uncle, Prince Ahmed Fouad, and will in return receive the Khedive at the hotel, an unusual honor. The Khedive will also receive Mrs. Roosevelt and her daughter. Enroute from Lufar last night crowds greeted the train at every station and the Colonel remained awake until midnight to respond to the greetings. He left the train several times to shake hands with station officials.

The newspaper organs of the Nationalists are filled with editorial and open letters today, all advising Mr. Roosevelt not to repeat the advice here that he gave to the Sudanese. The newspapers contain no threat, but the seriousness of the situation may easily be read between the lines.

The Nationalists have literally been in a ferment ever since Mr. Roosevelt's Khartoum speech and their activity is greatly embarrassing the government officials.

At 1 o'clock the Roosevelts lunched with Consul General Iddings, after which the Khedive's private carriage in royal gilt and red, with gaily caparisoned horses took the Colonel to the palace where he was received by the Khedive, an honor never before shown a private citizen. In the meantime Mrs. Roosevelt and her daughter accepted an invitation to go to the palace of Knaba to be received by the Khedive. The Khedive had returned this visit, this distinction also having never been shown a foreign woman. The Colonel's call upon the Khedive was returned by the Khedive. This call was made at the residence of Consul Iddings, which is at the hotel, this arrangement being made at the Khedive's request. The Roosevelts will dine tonight with Cleveland Dodge of New York at the Mena house, Mrs. Orville Chubb, who is also a guest at Sheppard's, will be a guest at the Dodge home.

HAGMEIER'S AUTO BALKS ON WATER

George Hagmeier, of the Pittsburgh Case Store, has a new automobile. He delights to take his friends out for little runs in the new car, to demonstrate its profile as a driver and its thoughtfulness as regards its equipment for coasting. Last evening he invited Mr. Frank Bates to accompany him. Mr. Bates asked if the machine was loaded with all the necessities. Mr. Hagmeier replied that he had poured two buckets of water into the radiator. They started. They left the lights of Newark far behind on their rapid flight on the Mt. Vernon road. Seeking new roads they turned off the main thoroughfare into a lonely country road. The machine stopped. Hagmeier cranked. Bates cranked. They both cranked—and both made remarks not intended for Sunday school classes to drive. They berspined, wiped their eyes, and cranked some more. Bates said: "Gee-whizz!" Hagmeier said: "Forgot it!" Tank empty, one mile walk to farm house, telephone to garage, motor directions as to their whereabouts, five gallon can of oil on a motor-cycle fight, both in a special car, and the party reached home two hours behind schedule time, with the firm conviction in Hagmeier's mind that autos will not run on water.

How to Purify the Blood in the Spring

(From the National Home Monthly)
At this season of the year nearly every person requires a tonic to cleanse the blood and purify the system from the accumulation of waste matter that results from the inactive life of winter. Stomach fever, dullness, languidness, the disinclination to work or exercise—the general all-around run-down. "Oh, what's the use?" feeling—poor appetite, sallow complexion, liver blotches, pimples and eruptions of the skin—and all of these symptoms indicate the need of a good blood tonic and liver regulator. Get from your druggist one ounce of Karpene. Dissolve the capsule and 1-2 cup sugar in 1-2 cup alcohol and add enough hot water to make a full quart. This excellent tonic purifies and enriches the blood, arouses the liver, corrects deranged digestion, restores lost appetite, clears the skin and strengthens and builds up the entire system at a small cost. Take one capsule once a day, between each meal, and before retiring. If your druggist is out of Karpene, ask him to get it for you.

DEATH OF FORMER NEWARK RESIDENT

Springfield, 1 Mo., State Register.—Smith—Died at the residence of her daughter-in-law, Mrs. Mary Smith, 4625 Maryland avenue, St. Louis, Mo., at 3:10 p. m., Tuesday, March 21, 1944, of tumor. Mrs. Margaret A. Smith, widow of the late George Smith of this city, age 79 years.

Mrs. Smith was well known in Springfield where she resided for many years. Her husband was George Smith, one of the firm of Smith, Glendon & Rice, which purchased the State Register in June, 1881, coming from Keokuk, Iowa, where the firm had owned and conducted the Daily Constitution, a Democratic newspaper of that city where they had resided for many years. Shortly after coming to Springfield Mr. Smith purchased property at 1113 South Fifth street, where the deceased and her family thereafter lived until they removed, a few years ago, to St. Louis, her husband, George Smith, and her son, Horace E. Smith, having died within a

FORMER NEWARK WOMAN INJURED IN CHICAGO

News has been received in the city of an accident to Mrs. Grace Ruler Clarke, a former well known Newark girl, which may result fatal. Mrs. Clarke was home-back riding in a park in Chicago, Ill., the first part of the week, when her horse took fright and threw her to the ground with great force. She is badly bruised about the body and more particularly about the head and it is feared the skull is fractured.

Mrs. Clarke was formerly Miss Grace Ruler of this city. Her married days were spent here and during that time she made many friends who will receive the news of her misfortune with deep regret.

A REBUKE THAT WILL COUNT

Instead of rebuking Governor Harmon by laying on the table his special message relating to lobbyists, the Republican majority of the state senate succeeded only in further belittling itself.
All this can easily be corrected by electing next November a senate with a Democratic majority and clinching it with a Democratic majority in the house to make sure that the legislature of Ohio will have a higher purpose and something better to do than to study up ways to rebuke a governor who is giving the people the best possible service under the circumstances.
The rebuke that will count most, and do the most good for the state of Ohio will be administered by the people at the polls in November by making sure of the Democratic majority in both house and senate to put an end to the partisan trickery and disgraceful display of peanut politics by the present legislature throughout its special session last year and made still more conspicuous since the beginning of the present session.

A Republican paper at Columbus hastens to inform the public that the witness who told the legislature's graft probe committee about padded bills for supplies did not implicate a state official. "Messrs Laylin, Davis and Morris did not know of the ac-

tions of their trusted employees, according to Faine," says the newspaper.
Which is as much as saying that Laylin, Davis and Morris did not know how the officers for which they were morally responsible as official heads were being conducted. Why didn't they?
The "explanation" of the Republican paper in behalf of Laylin, Davis, and Morris does not better the case. Laylin, Davis and Morris had better opportunities and more time for scrutinizing the accounts of their respective offices than the probe committee of the legislature has had. It is a little late for such facts now to become known—and probably never would have become known if a business man who believes in attending strictly to business had been defeated for governor two years ago.

WILL HE PAY IT BACK?

Suppose they do find that a dead man was responsible for all the graft in the purchase of supplies for the state fire marshal's office under H. Davis. So far, nobody has heard of Mr. Davis walking up to the state treasurer's window and paying back those board bills and railroad expenses amounting to nearly a \$1,000 charged to the state, which the present Republican attorney general decided could not be charged legally by Democratic officials. Zuber, Wirmel and Kearns paid back what the Republican attorney general decided they could not legally charge and all three together did not amount to as much as the charge against Davis alone. The people of Ohio are still waiting for Hy to pay it back.

A QUESTION OF RESPECT

"With great respect," wrote Governor Harmon in signing his special message to the legislature on the lobby scandal.
With great disrespect the Republican majority of the senate laid the message on the table.
With still greater respect for Governor Harmon and themselves, and with no respect whatever for the Republican majority of the Ohio legislature, the people will lay that majority on the shelf in November.

THAT INTENTIONAL SLAP

Frankly acknowledging knowledge and intention of his motion to lay on the table Governor Harmon's message about the lobby, Senator Patterson (Rep.) of Ashland is quoted as saying: "I intended it as a parliamentary slap at the governor. I consider it as hard a slap as the senate could administer. When the most unpopular president of the United States, Andrew Johnson, was in office, it

message was tabled by the United States Senate.
But the senate of Ohio was not dealing with an unpopular governor. Its intentional slap was at the most popular governor Ohio has had in many years.
The Republican majority of the present senate is making a record as the most unpopular senate the state of Ohio has had to put up with for years, and Senator Patterson's slap at the governor has done much to help make him one of the most unpopular senators in it.
In their eagerness to embarrass Governor Harmon's administration and to humiliate him before the people of Ohio the Republican bosses and their henchmen in the legislature seem to be doing everything they can think of to unintentionally increase Governor Harmon's popularity with the people.

CATERING TO COX.

New phases of the G O P comedy develop daily.
After Wade Ellis was appointed receiver of the state Republican machine's assets and liabilities it was announced that he was going to unload Boss Cox of Cincinnati upon the Democratic party, and especially upon Governor Harmon.
Tait's repudiation of Wade Ellis in a letter to that noted exemplar of Ohio Republicanism, Hy Davis, caused Ellis to scurry back to Washington to find out "where he is at."
Returning to Cincinnati Ellis called on George Boss Cox and remained in secret consultation with the Cincinnati boss an hour and a half—90 minutes of coaxing Cox back into the "old as an ass" after the attempt to unload him upon the Democracy of Ohio.
Emerging from that conference Ellis declared that he consulted Cox only as he intended to consult other Republican LEADERS in Ohio.
Then came the announcement of Cox himself that "we ain't agreein' on nothin'."
But the fact remains that after his attempt to unload Cox, his old-time henchman Ellis, as receiver of the G O P crawled on his hands and knees before the Cincinnati boss an hour and a half, then scurried back to Washington again to find out what to do about it.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ellis's Liquid Cream Balm. Except that it is liquid it is in all respects like the best of balms. It is a remedy that relieves at once. All druggists, 75c, including spraying tube, or mailed by Elv Bros., 56 Warren Street, New York.

ANSWERS EVERY CALL

Newark People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spills of headache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific.
Thousands of people rely upon it. Here is one case:
Mrs. M. Glover, 402 N. Catherine Street, Mt. Vernon, Ohio, says: "I think kidney complaint in my case was caused by a cold which settled on my kidneys. For a month I was in misery and was so weak and helpless that I could not attend to my housework or even dress without assistance. Certain moves caused a sharp pain in my left kidney, extending into my limbs and it was impossible for me to turn in bed. Being advised to try Doan's Kidney Pills, I had a box procured for me. No remedy could have given greater satisfaction. It only required the contents of one box of Doan's Kidney Pills to drive away my trouble and during the time that has since passed, I have not felt the slightest symptom of a recurrence. I cannot praise Doan's Kidney Pills too highly."
For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

NEWARK'S BIG DEPARTMENT STORE

'Y' DAY RESULTS IN 128 JOINING POPULAR ORDER

Membership in the Y. M. C. A. was discussed with a good many men yesterday and at the final count after 9 o'clock 128 new recruits were found enrolled. While the plan did not involve a "contest" the four teams were each anxious to make a good showing and no end of tall hustling resulted. Favoring circumstances combined with active work on the part of Mr. Frank Lewis put the high water mark in Captain Stephens' company. They counted 21: Howard Stevens' team, 21; C. W. Miller's, 20, and Mr. Randolph's 36. Total 128.

While a number of good citizens took memberships from friendliness, this was true of but a small number, nearly all of them being young men who wanted a down town club or some one or more of the privileges offered. Such a canvass always leads to a discussion of the needs of the young men and boys of a city and how they ought to be met. The Y. M. C. A. as a civic proposition and a much needed piece of machinery always comes to the front. One interesting thing about the day's work was the large number of men connected with industrial work in some one of Newark's factories that were interested. In all of 128 new names secured out two were members of the boys' department. The day was a men's department day.

Great credit was due the company of ladies headed by Mrs. Randolph, Mrs. R. S. McKay, Mrs. Lippincott and others who took care of the refreshment end of things. The workers paid so much per for lunch and supper but the association took care of the supper of Tuesday and the nine o'clock lunch Wednesday. That there is a growing interest in Newark in the work of the Y. M. C. A. and in the good name and character of the city was very evident.

ENTIRE TOWN IS DAMAGED
Mt. Hope, Va., March 24.—Two hundred families were left homeless and without shelter of any kind by a fire today which wiped out practically the entire village. Over three hundred homes and buildings were destroyed. The families rendered homeless lost practically all their belongings. Only four houses remain intact. An appeal has been made to the governor for aid and a detail of the national guard has been ordered here with tents, provisions and supplies.

THE BEAUTIFUL HAIR OF ENGLISH WOMEN.

(Annie Bly in N. Y. Graphic.)
The long, abundant and glossy tresses of English women are not due to hair tonic and heroic shampooing. There is a general belief over there that the less water put on the hair, the better it is; they say wetting "takes the life out" and leaves the hair dull, brittle and colorless. English women with hair rich in color, clean and wholesome—and plenty of it—have told me they attribute it to dry shampooing two or three times a week. They mix four ounces of ether with four ounces of orris root and sprinkle a tablespoonful of this mixture on the head; then brush the powder thoroughly through the hair. They thus also avoid the danger of catching cold and the discomfort that accompanies washing, rinsing and drying the hair. This treatment keeps the hair light, fluffy and lustrous, and is the only thing I know that will actually produce the growth of hair.

DRAWS OUT POISON. Marvelous Antiseptic That Draws Out, Wound and Noodles From the Flesh.

There never was known such a powerful drawing ointment as San Cura. Wherever it has been used it has created astonishment. It drew a noodle out of the foot of the daughter of Mrs. James Hitchcock, of Centerville, Pa., after the doctor had used his lance and failed.

Used as a poultice for old or running sores, it draws all the poison out and leaves it in such condition that it is easily healed in a few days.

Nothing so healing or antiseptic can be put to use today. It possesses so much healing virtue that it is guaranteed to W. A. Erman & Son to quickly cure any kind of piles, eczema, fever, salt rheum, boils, carbuncles, ulcers, all kinds of chronic sores, chilblains and chapped hands, or any skin.

It's a remedy to rely on to have in the house in an emergency, such as bruises, burns, cuts or scalds, because it kills the pain instantly. It's a medicine chest in itself—a little family physician that is ever in demand. 25 cents and 50 cents a jar at W. A. Erman & Son's.

BEST SKIN SOAP.
Is San Cura Soap, because of its great antiseptic and healing virtues. Use it regularly and it will make the skin soft and velvety, will remove pimples and blackheads. It's the real soap for babies' tender skin, which mothers of infants should remember. 25 cents a large cake at W. A. Erman & Son's.

OBITUARY

MR. JOHN GRUNTZ.
Word was received here that Mr. John Gruntz, formerly well known citizen of Newark, had died at the State Hospital, Columbus, on Wednesday night about 7 o'clock from the effects of a stroke of paralysis. Mr. Gruntz was sent to the State Hospital from this city about three years ago. Previous to that time he was employed at the Heisey glass works and is a member of the A. F. G. W. U. The body was brought to Newark Thursday at noon and taken to the family home, 498 Baltimore street, where the widow and three children, Charles, Helen and Margaret live. The deceased was aged about 44 years and originally came here from Pittsburg, where a number of relatives live. The funeral services will be conducted at the home on Saturday afternoon at 2 o'clock by Rev. Mr. Schmidt, pastor of the English Lutheran church and the interment will be made in Cedar Hill cemetery. Six brothers and one sister also survive. (Pittsburg papers please copy.)

CARD OF THANKS.
As it would be impossible to write personally to all who were so kind to us in our deep sorrow in the loss of our dear husband and father, also for the very beautiful floral offerings and letters of sympathy, we take this means to thank our dear friends and neighbors, Dr. McCullough, Rev. Trout and singers, associates in railroad circles, also members of the K. of P., B. of L. E., B. of L. F. & E., K. O. T. M., A. O. K. of M. C., Ben Hur, G. I. A., L. O. T. M., and Pocahontas Orders.

SAYLER TRIAL AT WATSEKA

Watsika, Ill., March 24.—When court opened today, the defense had decided on two points of attack in the earlier murder trial. They alleged irregularity in the selection of jurors and the acceptance of Harvey Morrie as a juror. State's Attorney Pallasard is counsel for the estate of Morrie's father, with the defense alleges makes him an irregular juror.

The first witnesses summoned were Stella Decker, Edward H. Meyer and D. H. May. Both Meyers examined the room in which Sayler's body lay after he was shot, and it is said they will swear at the hatchet which plays an important part in the defense was not in the room when they reached the home.

CHEERS

Greeted Former Vice President and Mrs. Fairbanks Upon Arrival Home From Tour.

Indianapolis, Ind., March 24.—A salute to the former vice president of the United States, Mr. Charles Warren Fairbanks, and his wife, Mrs. Fairbanks, who arrived here today on their return from a tour of the United States, was given by the city of Indianapolis. A large number of citizens gathered at the hotel where they were stopping to greet them. The former vice president was met by a reception committee of citizens and a band of music. Mrs. Fairbanks was met by a similar party. The former vice president and his wife were both warmly greeted by the citizens of Indianapolis. They will remain in the city for a few days before leaving for their home in New York.

DENISON DANDY DARKIES GIVE ENTERTAINMENT

Opera House Parked to Witness Pleasing Exhibition—News of Historic Old Granville.

Granville, March 24.—The Denison Dandy Darkies minstrel show, which is always looked forward to with such great interest and eagerness by all in Granville, and especially by the student body, was held Wednesday night on the opera house, when every seat in the commodious hall was occupied. The music, under the direction of F. P. Holden was unusually good and each selection was rendered in a manner that evidenced careful preparation. The work of the chorus was very good and the first scene was an attractive one, the members of the chorus being attired in costumes of blue satin and red. The second part of the program was an olio consisting of a variety of amusing and laughable stunts, while the third part was a college comedy, written by Mr. George Upson, a member of the Junior class of Denison. This was exceedingly clever and humorous and well put on. Mr. Upson's efforts were greatly appreciated. It was the unanimous opinion of all who witnessed the performance Wednesday night that it was one of the very best ever given by the Denison Dandy Darkies, all the jokes and "table-props" being of a moral character. Robert Dunn was interlocutor and carried out his part with credit to himself and pleasure to the audience. The committee in charge had spent much time and work in preparation for this event, and is deserving of much praise which can be given without stint.

Here we are with March nearly gone and no lion like weather so far either Wednesday and Thursday were most beautiful days with their mildness and the chorus of the birds, mainly robins and blue birds. The light breezes during the nights and thawing during the day, for all it has been so dry, has been prime for maple sap, and the making of the sugar and the syrup.

Mrs. G. G. Brechard of Flemington, Florida, has been visiting her daughter Mrs. Frank Reynolds at her home on West Maple street, this place.

Miss Pessie Edwards, a charming young woman of Canton, O., who has been visiting relatives and friends here for several days, has returned home.

Mr. Byron Evans has moved his family into the house on the corner of Prospect and College street, formerly occupied by Mr. Joseph Jackson.

The little daughter of Mr. Frank Reynolds, who has been quite sick for some time, is improving.

Mr. and Mrs. E. R. Hastings of Plymouth, O., who have been visiting friends in Granville and vicinity for a few days have returned home.

Samuel Shaffer of Newark has been visiting friends here for a few days.

Mr. and Mrs. Charles Hobart, having returned from their trip through the east are visiting Mr. and Mrs. Edward Hobart at their home on Centerville.

The natives say that there used to be lots of fish in the racoon in the spring time, and that you could find a stone in a pool without stirring up about a ton of them, but that in late years they have been very hard to find. They do say, however, that they are more numerous this spring than usual.

With the opening up of warmer weather a general movement to clean up the streets, alleys and premises about the old town should begin.

Miss Mary Ferguson, who is teaching at Maumee is expected to arrive home Friday for the spring vacation.

The condition of "Squire E. J. Dorsey," who has been quite ill at his home on Broadway for some days, is reported as being considerably improved today.

After a short visit at the home of her aunt Mrs. James Richards north of the village, Miss Anna Richards has returned home.

CENTENNIAL

Mrs. A. P. Ray, Mrs. Robert Ray and Mrs. Fern Ray spent Thursday in Newark.

Several families in this vicinity are afflicted with the whooping cough.

Mr. J. R. Hays has purchased the farm now occupied by J. W. Riley. Mr. Riley expects to move in the near future to his new home near Newton Chapel.

Mrs. D. Lams received about one hundred and twenty-five post-cards March 13 in honor of her birthday anniversary, which were greatly appreciated.

Mrs. Angeline Ray, daughter of John and Miss Jessie Asplon attended the entertainment at Aspleton Saturday evening and spent Sunday with Mr. L. H. Peters and family.

Mr. and Mrs. H. McLaughlin of Homer announce the birth of a boy March 11. Mrs. McLaughlin was formerly Miss Kate Knehart of this place.

Several of the farmers have commenced their spring plowing.

Born to Mr. and Mrs. Leonard Asplon, an eight-year old son, March 21. Mother and baby are both doing well.

A strange thing about over-shoes is that they are worn out the very first time you wear them.

THE DR. BOYD TONIC

This Tonic Begins Health-Building Immediately

You who feel all worn out—here's some expert medical advice: First, stimulate yourself with ordinary tonic. For most of three or four weeks, a tonic will do you good. What you want is something that will really build up your system—something that will immediately begin to restore vigor and energy. That's what Dr. Boyd's Tonic does. It's the only tonic that does this. It's the only tonic that does this.

But more than that, the Dr. Boyd Tonic is a powerful stimulant—renews strength and energy—restores brain, it's a powerful heart tonic—restores normal circulation—restores red blood bounding all through the body.

Dr. Boyd Tonic contains one of the greatest strength and blood building medicines ever discovered. It contains an active principle—a blood purifier—therefore a corrective of many skin diseases and a beautifier of the complexion.

It increases the appetite—builds digestion and assimilation of food—helps the system to extract the best of food from food.

One week's trial of this great tonic will give you a big start on the road to health. Your druggist has it or can get it for you. And its slight cost will be the best investment you ever made.

POLLY OF THE CIRCUS.

Frederick Thompson's production, "Polly of the Circus," will be seen at the Auditorium theater on Thursday evening, March 27. The story, telling of a pretty young girl, by profession and heredity, compelled by an injury to remain in the circus, is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home. The story is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

NEWLYWEDS AND THEIR BABY.

"The Newlyweds and Their Baby," the new musical comedy, founded on the life of the newlyweds, is now being shown at the Auditorium theater. The story is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

THE CHORUS LADY.

At last, after years of waiting, "The Chorus Lady," the new musical comedy, founded on the life of the newlyweds, is now being shown at the Auditorium theater. The story is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

CLEVELAND PAPER PRAISES "CHORUS LADY."

Just as delightful as when she first appeared here, "The Chorus Lady" is now being shown at the Auditorium theater. The story is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

OF COURSE THERE ARE OTHER PEOPLE IN THE CAST—A NUMBER OF THEM AND ALL GOOD—BUT MISS STAHL IS THE WHOLE SHOW.

One forgets whether she is Rose Stahl or Patricia O'Brien or the chorus girl. All the time, her personality stands out as something extremely lovable, despite her swaggering walk and her copious flow of song.

Comedy from start to finish, "The Chorus Lady" is, nevertheless, replete with pathos and in its climax provides an opportunity for its star to do a bit of strenuous declaiming. It is clean, bright and mirth-provoking and hits the mark to please large audiences as long as Miss Stahl chooses to make it the vehicle of her art.

There have been some changes in the cast since the play was seen here before. Claire Lane as the snippy Sylvia Simpson is a near-star and carries off her part in the chorus room of the Longacre theater in a most creditable way—Cleveland News.

THE ORPHEUM.

"Oh yes! Oh yes!" The Orpheum theater has another very good program commencing with the matinee today and continuing over Sunday.

and will more than make up for the twenty minutes of time which will be lost. The program is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

Regal is a play that is given away at the matinee to show the management's wishes to show that it will be a success to some lady. The play is a young woman's struggle with the hardships of life, making up for the hardships with a narrow-mindedness against the fair and her subsequent flight back to the circus to make up for the loss of her home and the loss of her home.

LEE FARM EAST OF TOWN IN NEW HANDS

Messrs. J. F. Irwin, Harry Swisher, J. C. Kreig and L. M. Phillips Purchase Property.

One of the largest and most important real estate deals that has taken place in Licking county recently is that just consummated whereby Messrs. James F. Irwin, Harry Swisher, J. C. Kreig and L. M. Phillips become the owners of the old T. J. Davis farm, which has belonged to the Lee family for the past fifteen years.

The farm consists of 18 1/2 acres of the finest land in the county, and as the town has been built up to the farm it becomes one of the most valuable sections for residences in the city. The farm is located between the Pennsylvania railroad tracks on the north and the South Fork of the Licking river on the south. For a long time this land has been coveted by real estate men in Newark.

It is understood that the property has been purchased with a view to holding to the proper time when it will be placed on the market, though the purchasers have nothing to say regarding the matter.

Should the owners decide to lay this tract of land out in regulation building lots and make other improvements it would make one of the prettiest additions in the city.

While the price asked for this property is known to be quite large, the consideration has not been made public.

SUMMIT STATION.

Mr. Clark Taylor, an intimate friend of the Layton family, formerly of this place, now living in Columbus, informs Mr. Layton he and his family will be unable to attend Mrs. Layton's funeral as his son's funeral is at the same hour as Mrs. Layton's.

The Y. P. C. U. of the Universalist church gave their first annual reception at Beem's hall last Thursday evening. About sixty members and guests were present.

Mrs. E. M. Layton died Monday afternoon at 2:20 o'clock after a long and severe illness, aged 56 years. Short services will be held at the late residence Wednesday at 10 o'clock and burial in Pataskala cemetery. The departed leaves a husband, four children, one daughter and three sons, an aged mother, two sisters and one brother.

B. E. Shaffer of the firm name of Beis & Shaffer, has moved on his farm at Hawkeye and the firm is now Beis & Haase, general store.

QUAKER HEALTH TEACHER ANSWERS A FEW QUESTIONS.

Telling You What the Quaker Herb Remedies Will Cure, and Why They are the Best Spring, Summer, Fall or Winter Medicines in the World.

People ask, will Quaker Herb Extract build up and strengthen the blood? Yes, nothing better. Will Quaker Extract cure Catarrh? Yes, it is a blood germ disease of the mucous lining of the inner system, and through the use of Quaker Extract it can be cured because it cleanses the slimy and poisonous mucous from the lining, heals it and expels it through the action of the bowels.

Will Quaker Extract cure indigestion? Yes, it will cure, because indigestion is generally caused from the gas arising from the lower bowels, the digestive organs to act properly, and Quaker Extract will strengthen and build them up. Will Quaker Extract cure constipation, dyspepsia and biliousness? Yes, for the same reason it cures indigestion. Will Quaker Extract cure liver and kidneys, taking the liver out of the torpid condition, taking the inflammation out of the kidneys and bladder and putting

those organs to work that expels the bile acid from the system. Will Quaker Extract cure malaria, chills and fever? Yes, for it builds up the blood and expels all fever germs from the system.

Will Quaker Extract expel worms? Yes, it matters not what kind they be, for there is a vermifuge in Quaker Extract that will expel all worms, germs from the system. Will Quaker Extract build up weak, run-down men or women? Yes, it builds up the blood and every organ, nerve and muscle in the body, depends on the condition of the blood. Will Quaker Extract cure that belching, bloating, palpitation of the heart, shortness of breath, dizziness and headache? Yes, for it cleanses that slimy and mucous from the intestines, stomach and expels it through the regular action of the bowels. Of course, everybody knows that every one should take some kind of a blood purifier, at least in the spring of the year. Why not

take one that is composed of Nature's own remedies? It has been handed down from our forefathers and the friends of the Quakers, who are noted for their long life and good health, and when you take the Quaker Extract and use the Oil of Balm you are using the same compound that these people did one hundred years ago, and it has been proven beyond a doubt there never was a more healthy, robust class of people on earth than the Indians, and the Quakers and history will bear us out in this assertion, and all they ever knew was to go out in the woods and gather roots, herbs, berries, leaves and blossoms, and from these they obtained the extract of which they used generally for their ills, and were made well. Now, this is what Quaker Herb Extract does. Price \$1.00 per bottle. \$3 for \$2.50. Quaker Oil of Balm, king of pain killer. 25 cents. Obtain them from City Drug Store.

MUCH INTEREST MANIFESTED IN BOXING CONTEST

Lovers of athletic sports and boxing contests in particular are anxiously awaiting the athletic carnival of the Newark Amusement company which will occur at the Auditorium in this city on the evening of Monday, March 28.

The principal event will be a contest between Sammy Trott of Columbus and "Battling" Schultz of Toledo. These clever boxers have reputations of being top-notchers and a splendid exhibition of the manly art can be expected. Both are training faithfully and as they have met but once before when honors were declared about equally even, will put forth their best efforts to make a good showing.

While the Trott-Schultz bout will be the main event on the program, the management has secured others with a reputation for gameness and cleverness that cannot be excelled. An athletic team will give an exhibition of their prowess in tumbling and different circus stunts. Throughout the entertainment the full Auditorium orchestra will render a number of pleasing selections which will add much to the pleasures of the evening.

Friends of both Trott and Schultz will be present from their respective cities to root for their favorites and these clever youngsters can be counted on to give a demonstration of the manly art that will be in keeping with the reputations which they have earned during the past year.

Seat reservations for the entertainment can be secured at the Auditorium box office after 9 o'clock Friday morning and from the interest already shown it is more than probable that the house will be entirely filled by members of the club before the curtain rises Monday evening.

The Columbus members of the amusement club have chartered special cars and have made application for 300 seats.

COURT NEWS

U. S. Circuit Court.
Attorneys Edward Kiker, J. R. Fitzgibbon and F. M. Black are in Columbus attending the United States Circuit court in the matter of the attachment of the Pullman car by Sheriff Linke on proceedings brought by Col. M. M. Gillette.

Circuit Court.
In the Circuit court in the case of John Heinehl vs. Joseph Heinehl, in which the plaintiff sued the defendant for an accounting, showing out of a farming transaction, the Circuit court sustained a motion to dismiss the appeal from the decision of the Common Pleas court, affirming the report of the special master commissioner, A. S. Mitchell. The appeal being dismissed, leaves the report of the master stand. In the case of Allen Fitch vs. John M. Lambert, a demurrer to the amended petition was overruled. Leave was given defendants to file an answer within five days. The suit is one for an injunction to restrain the county commissioners from placing certain culverts under the public highway and the removal of an embankment, and the township trustees to remove certain obstructions in a ditch along the highway.

Johanna E. Palmer vs. Fannie Miller et al, appeal dismissed.

Common Pleas Court.
In Common Pleas court in the case of State of Ohio vs. Harry Hunter, indicted and convicted of having burglar tools in his possession, the defendant was sentenced to one year in the penitentiary.

SUICIDE

BELIEVED TO HAVE BEEN SCION OF ROYAL HOUSE OF HOHENZOLLERN.

Left Letter Hinting at Intrigues and Plots, in Which He Was the Victim.

Chicago, March 24.—Carl Orthmann, who committed suicide yesterday in a local hotel, leaving letters in which he held Emperor William of Germany responsible for mistreatment, today is believed to have been a scion of the German royal house of Hohenzollern. Orthmann took his life by inhaling illuminating gas. A letter addressed to his sister, Miss Elizabeth Orthmann, of 426 West 124th street, New York, was among the few personal effects to be claimed by her as the only relative known to the Chicago police. Orthmann wrote bitterly of his "terrible fate" and hinted at intrigues and plots in which he was the intended victim. A part of one letter says:

"There is nothing in a name"—Shakespeare.

"A word to my deadly foes: They who hated me secretly when I was born—because I was the son of my father—can now despise me openly when I die. I do not desire sympathy or anything good from hypocrites."

"They who persecuted me when I was a child unable to defend myself, they who set about to kill me by degrees: they who cheated me of the rights promised and granted even the poorest children of my fatherland, may now have the satisfaction of burying me a pauper in a strange land, for my strength has been consumed in the struggle against feudal fanatics."

In a postscript the writer adds: "Emperor William of Germany, was meant to plan my death when I was 19 years old and had done nothing wrong, neither to him nor to anybody else."

Things People Buy

CUSTOMERS want what they want when they want it, and when they do they'll buy your goods if you let them know you've got what they want at the price they want to pay.

ADVERTISE—Mr. Merchant, tell the horse folks you can fill their needs. You'll find them responsive.
